PENTA P&B is a leading designer, manufacturer and supplier of quality electrical safety products.

- **Innovation and Improvement**
- **Design and Manufacture**

PENTA P&B has a proven record of global supply and is an industry leader in designing, manufacturing, and supplying portable earthing equipment for Distribution lines.

Distribution Line Earthing Equipment

PENTA P&B has been at the forefront of Transmission Line Earthing (TLE) design, manufacture and supply for over 60 years. As a result, our products have a strong reputation for quality and performance.

Transmission Line Earthing Equipment

Rail Portable Earthing is backed by the approval of the Network Rail PADS system, and PENTA P&B provides a wide range of temporary portable earthing and associated equipment for use in the rail industry.

Rail Earthing Equipment

The PENTA P&B range of equipment for use in Substations has a proven track record of many years of service in the electricity supply industry.
